

ART ROOM ANNEX CLASSES

We provide room for creative dialogue and discovery as we bring together students and artists to grow as creative makers and critical thinkers. During classes held at the Art Room Annex, multi-generational artists and students can come together to develop their craft and skills. We offer classes in a variety of media, including ceramics, drawing, graphic design, painting, photography, printmaking, sculpture and/or mixed media. Art Room classes are offered on a rotating eight-week schedule (the classes include eight, three-hour class periods). More information about Art Room Annex Classes will be available soon!

ART ROOM
